Re: Letter of Appreciation – Judith R. Nelson, EZGSA

Dear Scott:

I want to thank you very much for assigning Ms. Judith Nelson to BBL as our Contract Negotiator. Judith was vital to our success. Her expertise was extraordinary, communication skill excellent, responsiveness to our needs sincere, and ability to work with the team remarkable. She clearly focused on the things that were beyond our level of knowledge and saved us much time. Her ability to cut through the federal “red tape” is remarkable. Because of Judith, we have our GSA contract and are already negotiating our first Work Order.

We expect to use EZGSA services in the future. If at all possible, please assign Judith to support us. It will be greatly appreciated.

Sincerely,

BLASLAND, BOUCK & LEE, INC.
