Gina Brown Alston
Proposal Specialist
EZGSA
PO Box 30406
Bethesda, MD 20824

Dear Ms. Alston:

We started the process of getting a GSA schedule for SSCI, Inc over three years ago. We were very quickly overwhelmed by the amount of paperwork that was required and needless to say that we put the project on the backburner and forgot about it.

We recently picked up the project again and this time we had the fortune of working with Gina Brown-Alston. While assembling all the required paperwork had not gotten any easier, it made our life a lot easier to have Gina helping us.

As a service provider we at SSCI, Inc realize the importance of quality and customer service. Please know that the quality of work and the level of customer service provided by Gina were unmatched. She was responsive, accurate, available, and most of all extremely pleasant to work with. Add her knowledge of the process to the mix along with her willingness to go the extra mile and you have a model employee.

During the negotiation process with GSA, the GSA representative want us to know that our proposal prepared by Gina was one of the cleanest if not the cleanest she had ever seen and she wanted us to know what a great job she had done. We only had one response, 'WE KNOW'.

Please accept our gratitude on providing us with such a wonderful person to work with and pass our appreciation to Gina for doing an outstanding job.

Sincerely,

Brigitte Akalovsky
President
