## **A SMALL BUSINESS SUCCESS, Adventure Learning Associates is NOW AVAILABLE on GSA Schedule contract # GS-10F-0436N**

June 2003. Bethesda, Maryland EZGSA is pleased to announce that **Adventure Learning Associates, a small company, provides unique, results based, global corporate experiential learning programs. Adventure Learning Associates** has been awarded **GSA Schedule contract # GS-10F-0436N. Adventure Learning Associates** Schedule GS-10F-0436N offers Team Building Programs, Leadership Development Programs, Executive and Professional Coaching, and Consulting and Training Services

**EZGSA** assists small-medium sized businesses in increasing their revenue and their bottom line by helping them get **GSA Schedule** contracts so that those companies can supply goods and services to Federal Government agencies. Many companies struggle with the complex GSA Schedule rules, solicitations, proposals and negotiations, and spend considerable time reinventing the wheel. EZGSA removes this burden by presenting companies' offerings to the GSA in the most effective way, at the right price and as quickly as possible. EZGSA completes the proposal and all of the paperwork, negotiates a GSA Multiple Award Schedule contract, analyzes competitors' pricelists, and provides updates on GSA market conditions.

The association between **Adventure Learning Associates** and EZGSA has resulted in another small business now having the ability to provide the world's largest consumer -- the U.S. Government -- with an easier way to purchase its goods and services.
