Dear Scott,

This is to thank both you and everyone at EZGSA (Rob Howe in particular) for your help in obtaining a GSA schedule contract for Adventure Learning Associates. EZGSA personnel were extremely helpful, professional, and most importantly, knowledgeable about every step of the contracting process: from initial data gathering through offer submission, administrative review, and final negotiations.

It was a pleasure doing business with EZGSA and we look forward to working together with any needed contract maintenance issues.

Sincerely,

Paul Kidder
