Dear Scott,

I want to express my appreciation for the excellent service that your team provided in working on our behalf to obtain a GSA MOBIS schedule. Since part of BBC's consulting practice is to assist our clients secure certain types of federal funding we appreciate the value that experts can bring in helping to achieve a successful outcome. We also knew that if we tried to do this alone we would spend countless hours that would be better spent helping our own clients. However, the decision to hire a consulting firm was still a difficult one.

We could not be more pleased with our choice. Your entire team, and especially our primary contact, Madgalena Ivanova-Ilieva, were great to work with. It was clear that Madgalena was willing to take whatever time was necessary to make sure we understood exactly what the process entailed. She was extremely responsive and very knowledgeable, but she didn't hesitate to bring in other members of your team when necessary. I hope that my clients are as pleased with the services that we provide as we are with the work done by EZGSA.

Thank you again. We hope we will have the opportunity to continue to work with you as our GSA business takes root and begins to grow. Please express our appreciation to your entire team.

With appreciation,
