Dear Mr. Orbach,

I would like to take this opportunity to thank you and more importantly, Ms. Magdalena Ilieva for her dedication in the development of Elcon's GSA Schedule Proposal and subsequent contract award.

Ms. Ilieva's dedication and relentless pursuit of the appropriate details speeded Elcon's proposal through development, submission, pre-award negotiation and finally contract award within a timeline that exceeded our expectations.

Recommendations from Elcon do not come easy, although I am compelled to once again thank EZGSA and Ms. Ilieva for all your assistance and securing Elcon's place within the GSA Marketplace. We will consider EZGSA for all future needs relating to our GSA Contract.

Respectfully Submitted,
Elevator Control Service (Elcon)
