Dear Magdalena:

I am writing you to say what a pleasure it has been to work with you on obtaining our GSA Schedule 75. Your work ethic and attention to detail ranks second to none! My experience working with you and your staff at EZGSA has made what looked like an insurmountable process a very stress free and fluid one. I have used your drive to complete this project as an example for my own staff as it relates to follow up and quality customer service. I truly felt that you and your staff were part of the 5 Star team and had a vested interest in our ultimate success of selling to the largest customer in the world, the federal government. I am very glad we made the decision to partner with EZGSA and I am especially grateful to have you as our Contract Administrator. If you ever need a reference for your services don't hesitate to send your potential customer my way. I look forward to our continued relationship as we embark on obtaining our schedule 51V.

Regards,

Lo Davis
