**A SMALL BUSINESS SUCCESS,
Geneva Worldwide, Inc. is NOW AVAILABLE on
GSA Schedule contract # GS-10F-0109P**

Bethesda, Maryland, December 10, 2003—EZGSA is pleased to announce that **Geneva Worldwide**, a leader in providing high-quality translation and interpretation services to both private industry and government agencies, is now listed on the **General Services Administration (GSA) Schedules under contract # GS-10F-0109P**.

The GSA Schedules are the premiere buying tool for the U.S. Government, the largest customer in the world. These Schedules simplify and speed acquisition and payment processes as well as decrease red-tape bureaucracy for both the buyer and seller. All these improvements make it easier for government to fulfill their requirements. Geneva Worldwide's translation services can be purchased to assist federal agencies from GSA Advantage or from their website.

Many small, women-owned, and minority businesses are unaware of the immense marketing potential that the GSA schedules can provide to them. With more small businesses chasing fewer dollars in the B2B sector, companies are turning to the Federal government marketplace to boost flagging sales. In fact, approximately \$160 billion of the more than \$800 billion that the government will use to procure goods and services this year is set aside for small and disadvantaged businesses.

The association between **Geneva Worldwide, Inc.** and EZGSA has resulted in another small business now having the ability to provide the world's largest consumer -- the U.S. Government -- with an easier way to purchase its goods and services.

About EZGSA

EZGSA assists small- and medium-sized businesses to increase their revenue and sales by helping them obtain GSA Schedule contracts. The GSA Schedule allows federal government agencies and procurement officers to more easily obtain a company's goods and/or services. Many companies struggle with the complex GSA Schedule rules, solicitations, proposals and negotiations, and spend considerable time reinventing the wheel. EZGSA removes this burden by presenting companies' offerings to the GSA in the most effective way, at the right price and as quickly as possible. EZGSA completes the proposal and all of the paperwork, negotiates a GSA Multiple Award Schedule contract, analyzes competitors' pricelists, and provides updates on GSA market conditions. For further information, see www.ezgsa.com or call 301-652-1800.
