Dear Gina,

Thank you so much for all of your assistance and wise guidance. Working with you during our pre-award process was a very pleasant experience. Obtaining a GSA contract is a project that requires quick responses and attention to detail. You were always responsive to our endless queries, and always willing to provide us with a helping hand.

I look forward to the possibility of working with you in the future.

Sincerely,

A handwritten signature in cursive script that reads "Sue Shaw".
