Marci Millen  
Marketing Director  
EZGSA  
7475 Wisconsin Ave., Suite C8  
Bethesda, MD 20814

Dear Mrs. Millen:

would like to submit this letter as an official letter of recommendation for EZGSA.

EZGSA is an organization run with the utmost professionalism and knowledge of craft that I have seen in a long time. EZGSA staff is polite, efficient, skilled and eager to assist individually in a particular area, direct you to another individual if their assistance is required, and combine forces as an organization to expedite contact awarding. I was impressed at your organizations account representative ownership and personal walk through of the GSA Schedule process with my company.

Information is described in detail for perfect understanding and clarity. Working with EZGSA is like working with teams of specialists who truly have your interests are heart. All options were clearly analyzed by EZGSA, communicated to my organization and developed into courses of action based on my recommendations and objectives.

Documentation was laid out in an easy manor, which enabled our organization to quickly provide necessary information to expedite the Schedule process. Constant correspondence kept us informed about the direction of the awarding process and estimated time frames between phases.

Surprisingly, our organization was awarded a contract number in just a few months. I would definitely recommend EZGSA to any organization interested in obtaining a GSA Schedule contract number. As a matter of fact, I will be personally recommending EZGSA to some companies in which our organization is associated.

Sincerely,

Jawara Carrington  
President
