

Trusted Packaging Solutions

Magdalena,

It's been a few weeks since we received confirmation that our GSA contract was awarded. Please accept my apologies for not sending this letter sooner. As you are aware, LoneStar Plastics operates at a fairly hectic pace and while no excuse is a good excuse, that's the best I have.

The purpose of this message is to personally thank you for your hard work and dedication to our project. I know for a fact that LoneStar presented specific challenges above and beyond those which are typical or common. There is no way we would be where we are without your guidance and diligence throughout the last several months. We are sincerely grateful for your efforts.

I intend to be in the Washington D.C. area a couple of times over the next few months and hope to stop by and thank you again in person.

Warmest Regards,
