Bethesda MD 20814

Att.: Mr. Scott Orbach
President

We engaged EZGSA to obtain a GSA contract for us which they successfully accomplished.

We worked closely with Magdalena Ilieva of EZGSA who guided us in preparing all of the information required and made the final submission to the GSA. She was on top of the effort every step of the way and guided us well. There were many months when she patiently waited for information from us. It was rare for us to wait more than a day or two for her to get back to us.

We were not aware of any requests from the GSA to add to or revise the original submission.

Given that we received the contract, there is not much else to say. We would certainly recommend EZGSA and Magdalena to others.

Yours,

Clyde E. Coller
