Re: Letter of outstanding service - Magdalena Ilieva

Dear Scott,

I am writing this letter of recommendation for outstanding service by Magdalena Ilieva.

Magdalena has been our account coordinator and doing all the service work since day. As you are aware, we currently have a new contract submission in progress and possible merger of our company into a new entity. With these two issues along with the general service requests, Magdalena has been very responsive in assisting our special requests and she has always provided timely and excellent service.

Thanks again for allowing Magdalena to work on our account and we are certainly looking forward to working with her and EZGSA in the future.

Sincerely,

Dean R. Bugner, CFO
North American Rescue, Inc.
