Dear Mr. Orbach,

I wanted to let you know that Premier Business Products is very grateful for the services of Ms. Fran Cowell. She has been an invaluable asset in helping us integrate our schedule 36 into our schedule 75. She has also been invaluable in helping bring a very "messy" novation agreement to completion. Her efforts are very much appreciated.

Rest assured we will be using her services in the future for all of our GSA contract renewals.

Please thank her for me.

Sincerely,

A handwritten signature in black ink, appearing to read "Michael Sudik", is written over the typed name. The signature is fluid and cursive, with a large, sweeping initial "M".
