Dear Scott,

Summit was awarded our GSA schedule this week!

I want to thank EZGSA and specifically Magdalena. Over the last 18 months, we have commented numerous times there was no way we could have sorted through all the requirements on our own. I'm very sure that we would still be at it for some time to come if we had not worked with Magdalena and EZGSA.

Magdalena has been consistently responsive and helpful throughout the whole process.

There were several days when Magdalena was on the phone with Summit from her home. She was responding to a Summit email or phone call from her home because she was off for a vacation or personal day.

One Friday evening, Magdalena was on the phone with Summit at 6pm MT (8pm ET) about spreadsheet changes which needed to be made and returned ASAP.

We have certainly appreciated her willingness to go above and beyond.

Thanks again for all your help and assistance.

Sincerely,

Joe Chesky
Sr. Vice President, Business Development
